

Let's make it possible - for every child in care to thrive!

EIN: 88-2069211

REGISTRATION: CH71468

The registration number issued by the Florida Department of Agriculture and Consumer Services authorizing the foundation to solicit charitable contributions.

Our Story

Every child deserves to feel safe, supported, and hopeful. Yet many youth in the child welfare system face loss, instability, and challenges that make it harder to reach their full potential.

The Junaid & Wassia Family Foundation (JWF) was created to walk alongside these children, caregivers, and the organizations that serve them, with compassion, clinical expertise, and real opportunities to heal and grow.

What we do

(All Services Provided at No Cost)

★ **The Compass Project** - Free Therapy Services: Trauma-informed mental health support for youth in foster care and those aging out. This includes;

1. **Therapeutic Services:** individual, group and family therapy.
2. **Support services:** caregiver training, consultations, and house care caregiver support
3. **Clinical services:** Crisis intervention, clinical consultations, treatment planning and assessments & documentation.

📖 **Educate to Empower** - Free Academic Tutoring: Individualized tutoring for students struggling academically to improve confidence, performance, and school engagement.

⚽ **Dreams in Motion** - Sports Sponsorship Program: Coverage of registration fees, equipment, and related costs so youth can participate in the sport of their choice, regardless of financial barriers.

🇺🇸 **Military mentorship** - Mentorship and guidance for youth interested in pursuing military service, including preparation, career insight, and ongoing support.

Our Impact

Through community partnerships, JWF has delivered measurable results for youth in care:

- **572+ hours of therapeutic services** delivered through The Compass Project, including individual therapy, group therapy, caregiver support, and therapeutic engagement with biological families whose children are in the care system.
- **14.3% average improvement across all therapeutic domains**, with 100% of participants showing measurable growth in 8+ areas including trauma recovery, emotional regulation, and behavioral responsibility.
- **55+ hours of youth integration and wellness events**, designed to support social connection, confidence building, and positive mental health outcomes.
- **Free in-person tutoring for 5 youth**, with a focus on Math support and GED preparation through Educate to Empower.
- **Removed financial barriers to sports participation**, sponsoring gymnastics training for three girls through Dreams in Motion, with plans to expand access.

Partner with us

- **Partner With Us** - Bring free therapeutic services to the youth and families your organization serves.
- **Donate** - Every contribution makes a difference.
- **Volunteer** - Be a mentor, tutor, or cheerleader for a child.
- **Spread the Word** - Share our mission with your community.
